

Specialized K9 Services

This class is to incorporate hand commands and a new level of focus work.

Enclosed are visuals of the following commands:

1. Place
2. Break
3. Down
4. Sit
5. Watch Me (Focus)
6. Heel
7. Wait (another command to happen)
8. Stay (return to K9)
9. Release
10. Front
11. Stand
12. Back (from front position)
13. Back (from side position)
14. NO
15. Good
16. Walk

Some of these hand commands can be substituted, please review and let me know if you want to use a different signal so we can discuss whether it will interfere with another in the future.

Thank you for wanting to expand your training and giving your K9 the mental and focus exercise they all need.
